## NMU Cru Round Table Minutes

January 21, 2023

Dave's devotional on faith, hope and love.

Vision - Jared – Excited to rescue the world together.

Students are amazing by taking steps of faith. Students are hopeful and faith. How are we doing in love? How can we love students at NMU, all 8,000. Jesus died for all of them, loves them intimately like He does for us. The most loving thing we can do is love people around us. The two greatest commandments are love God and love others. Love your neighbor as yourself. John 13. As we plan, ask is this the most loving thing we can do.

Intentionality – Katharine

Loving doesn't come naturally; we have to be intentional. It's easy to look inward because it's easy and fun but we need to look outward. At 808, let's not just hand out with friends but reach out to others.

Welcome week activities. How did they go? So fun! Question to ask.

Why are we doing these things and did that happen?

It's hard to get new people the first week.

Was it easy to ask friends? The activities we did makes it easy to ask new people to come.

Consider – make a night bring a friend night.
